

Tipp City Area Community Foundations Award 2016 Philanthropist of the Year

In September at its annual Donor Appreciation Reception, the Tipp City Area Community Foundations (TCACF) named the husband-wife team of Frank Scenna and Heather Bailey the 2016 Philanthropists of the year.

As the nomination noted, both Bailey and Scenna have been involved, individually and as a duo, in our community in a variety of ways such as sitting on the Downtown Tipp City

Partnership board, chairing the Christmas in the Village home tour and supporting various community projects (e.g. the Tipp City Farmers' Market). To quote the nomination, "They are an inspiration and clearly lead by example...Tipp City is a better place because they are such an integral part of our community."

The TCACF uses this award to acknowledge the "quiet" philanthropy that goes on in the Tipp City, Monroe Township and Bethel Township community on a daily basis. Award chair Joan Creech reminds the community that "we need nominations from the community so that we can honor those deserving folks!"
